

Congratulations and welcome to the ESD Community!

As you consider your academic options, we hope that you will consider the following things we know to be true:

ESD is igniting lives of purpose through the development of an educated conscience.

We are proud of the intellectual, spiritual, physical, and social development of our students and know that they will go out into the world and make a difference.. The Episcopal School of Dallas students are well-rounded in the best sense of this phrase: successful in the classroom, engaged in the arts, active in athletics and wellness programming, and community-minded in their embrace of leadership and service.

You will be known. You have been admitted because we know you will share your innate gifts with us in multiple areas of school life. It is virtually impossible to have an anonymous experience here. By selecting you, we intend to deliver on our mission of preparing young men and women for lives of intellectual discovery, integrity, and purpose. Our continued focus on the whole child leads all that we do within the classroom and beyond.

You matter. We see limitless potential in you. We want you at ESD as a part of our community. You are going to make ESD a better place and we look forward to watching you shine.

We know this is a big decision and we hope you know how much we want you to join us. Please feel free to reach out to me directly if I can help in any way.

Fondly,

Cindy Newsom
